Specialty: None

Supporting ITP: None

TATS-Course: Yes

Purpose:

> To prepare selected sergeants that are non-PLDC graduates (may or may not have a PLDC waiver) as first priority selection, specialist and corporals promotable in MOSs identified as a STAR MOS, second priority selection; and specialist and corporals filling authorized leadership positions, third priority selection, see prerequisites.

Course Scope:

> The primary leadership development course (PLDC) is non-MOS specific, taught in an NCO Academy live-in environment IAW the small group instruction (SGI) process; it consists of classroom interaction with practical applications, followed by hands-on, performance-oriented training. The course culminates in an extensive situational training exercise (STX). The course prepares sergeants for positions of higher responsibility as section leaders. Major subject areas include: Leadership, training, physical fitness training, map reading, land navigation, counseling, soldier team development, basic supply and maintenance procedures, and common field crafts. The object of PLDC is to graduate students who will return to their units with the knowledge that will assist them to:
> * Be technically and tactically proficient.
> * Make sound decisions.
> * Plan correctly.

  * Follow the Army professional ethics.
  * Communicate effectively.
  * Apply soldier-team development.
  * Lead and train their subordinates in a "go to war" atmosphere.

Phase Scope:

Course Prerequisites:

  * Priority One: Sergeants that are non-PLDC graduates. The soldiers may or may not have a PLDC Waiver.
  * Priority Two: SPC/CPL promotable. The soldiers are prioritized within this category as follows:
    - SPC/CPL (P) who has met cut off score.
    - SPC/CPL (P) in MOSs which would have had additional promotions if more promotable SPC/CPLs had been available and identified as a "Star MOS" by monthly PERSCOM Promotion Cut-Off Memorandums.
    - SPC/CPL (P) in other MOSs serving in an authorized NCO position based on the highest number of promotion points.
    - All other SPC/CPL (P) on a recommended list based on the highest number of promotion points.
  * Priority Three: SPC/CPL in leadership positions. In order to fill all PLDC training seats, non-promotable SPCs w/demonstrated leadership potential may attend PLDC only when all other higher OML categories are exhausted.
  * Meet height and weight standards of AR 600-9.
  * Eligible for reenlistment and have a recommendation from their immediate commander.
  * Have 6 months time in service remaining upon graduation of PLDC (unless completing an enlistment commitment to the USAR or ARNG).
  * Have no conviction of a misdemeanor crime of domestic violence (Lautenburg Amendment).
  * Have no Suspension of Favorable Personnel Action (Flags) pending.
  * Arrive fully capable of performing supporting individual tasks and tasks required in the next lower level course, e.g., basic training, SMCT.
  * If age 35 or over, must have completed a periodic physical exam within the last 5 years. Operator license block on the Pre-execution Checklist must contain the date of current physical exam.
  * Must have in their possession a completed and properly signed pre-execution checklist. Soldiers reporting for training without the checklist, signed by the soldier and unit commander, have 72 hours from the report date to provide the checklist with appropriate attachments. Return to their unit soldiers who fail to provide the checklist within this time frame. The unit commander's signature on the pre-execution checklist suffices as certification that the soldier meets routine course prerequisites and physical requirements.

Phase Prerequisites:

Special Information:

  Commandants may not add local requirements to the prerequisites. Equipment listed in the equipment summary is the optimum items needed to train the listed lessons. Commandants may substitute similar items of equipment, providing their use does not degrade the quality of training. NCOAs must submit an exception to policy to USASMA for any deviations that may alter the quality of training.

- Soldiers possessing permanent profile designators of "3" or "4" who have been before an MMRB, awarded medical limitations, allowed to retain their occupational classification will be allowed to attend appropriate courses and train within the limitations of their profile-- provided they can otherwise meet the physical requirements for the course prerequisites and graduation.

* Pregnant soldiers:
- Diagnosed as pregnant prior to the course may not attend PLDC until medically cleared.
- Diagnosed as pregnant while attending PLDC may continue training; however, they must provide written documentation from their doctor that states the soldier can perform/participate in all course physical performance requirements, including: APFT, marching, and situation training exercises. Soldiers medically dismissed for pregnancy after enrollment are eligible to return to the course when medically cleared.
